Item #2 Discuss/Recommend Mayville Golf Club Inc to Purchase Greens Mower.

Brian Wendorff reported that the new greens mower they are looking at purchasing is at 2003 Toro 3150. It is a used mower that has 44 hours on it. Brandon Nebl explained that the general life expectancy is approximately 3,000 hours. They are currently using one mower and putting on between 24-25 hours per week. It will be a huge benefit to have two mowers. They will get things mowed in half the time. The cost of this type of mower new is \$26,000. Brian explained that they had put a package together last year for three critical items that they needed and a new greens mower was one of them. They would be using money from a CD that they have which is for \$100,000. They would have enough money to make the payment to the city plus money to pay for the mower. Motion by Ald. Smith, second by Ald. Pasbrig to recommend to council for approval that Mayville Golf Club Inc can purchase greens mower. Motion carried unanimously.

Item #3 – Adjournment.

Motion by Pasbrig, second by Smith to adjourn at 6:37 p.m. Motion carried unanimously.
