Tom Kohn, a lifelong Mayville resident and husband of Aimee, father to Nathan and Stacey, and grandfather to Sierra and Dakota, was diagnosed with lung cancer in 2009. Prior to his diagnosis, Tom was a semi-truck driver, but after his surgery he was unable to return to work. In December 2010, a tumor was found on his brain, which required surgery. He then underwent radiation for cancer found on his rib bone. All proceeds from this benefit will help defray Tom's medical and the family's living expenses.
